STOLL Skateboarding

Skateboarding started off as a subculture, shaped by the style and music of the streets. Today, skate culture is back in vogue – not just on the streets, but on the catwalks of the high fashion world.

Our latest Stoll Fashion & Technology “Skateboarding” collection is inspired by skate culture too, from graffiti-style street art to urban skate parks – including skate shoes, protective wear, and even a Bluetooth boom box.

These products aren’t simply designed to look cool, but perform well. Made from innovative yarns, using our state of the art flat-bed knitting technology, they are designed to be abrasion-resistant, cushioning, breathable, lightweight and free moving.

Enjoy the ride.

Jörg Hartmann
Head of Fashion & Technology

SKATEBOARDING

Pullover

1710037

ADF 530-16 multi gauge

E 3,5.2

Stoll-ikat plating®
Pullover in slub yarn look.
Fabric: Plated, striped jersey, 2-colour
plated and striped areas, alternating in
a row. Reinforced shoulder and elbows,
with knitted-in melting yarn.

STOLL-knit and wear® hoodie
1710034
CMS 730 S knit&wear
E 7.2

Stoll-knit and wear®
Stoll-applications®

Raglan hoodie jacket, with knitted-on kangaroo pocket.

Fabric: 2-colour twill patterned lining structure in polyamide and virgin wool, which become felted. Shoulder yoke in stronger colour and felting, thanks to 2nd stitch density and cast-off.

Camouflage shorts

1710036

ADF 530-32 B

E 18m.16

Stoll-ikat plating® artwork

Shorts in camouflage look, with knitted-on elastic waistband. Crotch with 3D shaping created using selective plated Lycra® area in combination with gore technique.

Doubleface fabric: Synthetic inner layer in thermo-isolating mesh transfer structure. Outer layer in Diolen® over-plated wool, to reduce pilling.

STOLL-knit and wear® hoodie
see previous page

First layer long sleeve

1710022

ADF 530-32

E 18m.16

First layer long sleeve with back and elbow protection.

Fabric: Selective and intarsia plated jersey.

Flexible protection area in 2-layer spacer fabric, with knitted-in melting yarn.

Boots
1710033
ADF 530-32 BW multi gauge

Midsole
1710024
ADF 530-32 BW multi gauge
E 7.2

Details
see page
28/29

Tee
1710025
CMS 530 HP BW
E 18m.16

Tee with Stoll-weave-in® in back shoulder
yoke and knitted-in reflective yarn.
Fabric: 3-system knitting striped jersey,
with different amounts of yarn ends.

Jacket
1710021
ADF 530-32
E 18m.16

Jacket with lateral ventilation areas and special shaping for more wearing comfort: sleeve, half back and pocket bag are knitted together.
Fabric: Plated, striped jersey with 2-layer overlapping intarsia plated areas.

Skate brace
1710026
CMS 330 HP W TT sport
E 7.2

Stoll-weave-in®

Skate brace with knee pre-shaping.
Fabric: Elastic ripple structure, with different tubular structures. For knee shaping, the knee area is knitted in tubular with all needles, surrounded by piqué, gore technique and increasing amount of inlay thread.
Breathable mesh structure between the ripples.
